

# Delkor

## MARINE / DEEPCYCLE

### Description:

Combining world renowned technology and quality, the Delkor Marine range of maintenance free batteries offers the boating enthusiast a truly hassle-free battery for peace of mind. Being a dual purpose battery, you get the best of both worlds – strong, reliable starting power combined with deep-cycle ability to power all your accessory loads.

All Delkor Marine and Delkor Deep-Cycle batteries are truly maintenance-free and include unique benefits such as wrought grid technology that creates a stronger, more reliable plate, high strength impact-resistant polypropylene case and patented liquid/gas separator. Long life and excellent performance in extreme conditions are the hallmarks of the Delkor Marine & Deep-Cycle battery range.

### Features:

- **Wrought Grid Plates**
- **High strength polypropylene case**
- **Heat Sealed covers**
- **Dual terminals**
- **Patented liquid/gas separator**
- **Heat sealed covers with built in spark arrestors**

### Specifications:

Product ID	Battery Type	Warranty	V	CCA	AH	Dimensions (L x W x TH)	Terminal	Layout
